### • **Family Practice Doctor**

The family practice doctor's services are available upon request.

### • **Yearly Complete screening examination, by appointment**

### • **Emergency service and Hotline availability**

- ❖ If your condition is such that it would make it necessary, and you live within the Budapest area, we will be at your home within 3-4 hours.
- ❖ When calling on workdays, between 8:00 a.m. and 8:00 p.m., your calls will be given priority treatment by our Call Center. Calls coming in at other times will be answered by our contracted dispatcher service.

### • **Hospital Care**

- ❖ The National Center for Spinal Disorders, the hospital division of the Buda Health Center, provides high quality inpatient care (spine care, orthopedics, rheumatology and sports medicine)
- ❖ In the event that your health needs require the care of another hospital, we will assist in arranging admittance and will carefully monitor your treatment there.

### • **Preventive Health Care**

- ❖ **Influenza immunization – including the vaccine**
- ❖ **Travel consultation – vaccine not included**
- ❖ **Physical examination for a driver's license**

### • **Complete Occupational Health Care**

Statute No. 27/1995. (VII.25.) of the Hungarian Ministry of Health states that an employer must provide occupational health care for its employees and No. 33/1998. (VI.24.) requires a medical examination to determine employee work suitability.

### • **You will be entitled to a 20% discount off our list prices for dental treatments, vaccines and health aids.**

### • **Exclusive treatment**

- ❖ **Your treatments and appointments will be given primary consideration.**
- ❖ **Your health will be carefully monitored by our Internist charged with your care.**

### • **Bonus Program for Family Members**

Persons listed as close family members on your contract will be entitled to a 20% discount off on all our health care services.

*Persons between the ages of 14 and 60 are eligible.*
