

## ITEM LIST FOR PREMIUM PARTNERS

ABPM diagnostics without medical evaluation (daily) - Diagnostics  
BPM and Holter device fitting with evaluation  
ABPM device fitting with evaluation  
Addictological findings consultation by phone - Addictology  
Brainstem auditory evoked potentials (BAEP) scan – Neurology  
Alkaline phosphatase - Laboratory  
Allergological findings consultation - Allergology  
Allergological findings consultation - dr. Helga Kraxner – Allergology  
Allergological findings consultation - dr. Anna Madarasi – Allergology  
Allergological medical specialist examination - Allergology  
Allergological medical specialist examination - dr. Helga Kraxner – Allergology  
Allergological medical specialist examination - dr. Anna Madarasi – Allergology  
Allergological telephone consultation - Allergology  
Lower leg stitching scan – one directional –X-ray  
General urine test - laboratory  
Sleep diagnostics (actygraphy)  
Sleep diagnostics (apnoelink)  
Sleep diagnostics (polyWatch)  
Sleep therapeutic device – setting-up  
Sleep therapeutic device - training – Sleep medicine  
Sleep therapeutic device - training – Sleep medicine  
Sleep therapeutic device - training - Pulmonology  
Sleep therapeutic device – training’s evaluation – Sleep medicine  
Sleep therapeutic device – training’s evaluation - Sleep medicine  
Sleep therapeutic device – training’s evaluation - Pulmonology  
Anaesthesiological findings consultation – Anaesthesiology  
Anaesthesiologist - medical specialist examination – Anaesthesiology  
Anaesthesiologist - telephone consultation - Anaesthesiology  
Mole removal by a plastic surgery with medical specialist examination (one region) – Plastic surgery  
Mole removal by a plastic surgery with medical specialist examination (multiple regions) - Plastic surgery  
Surgical removal of mole - with medical specialist examination - Dermatology  
Surgical removal of mole - with medical specialist examination – Surgery  
Surgical removal of mole - with medical specialist examination (extended) - Dermatology  
Surgical removal of mole - with medical specialist examination (extended) – Surgery  
ApnoeABPM device fitting with evaluation  
Haemorrhoid care - with medical specialist examination - Proctology  
Haemorrhoid care - with medical specialist examination (extended) - Proctology  
Arteriography - Diagnostics  
Arteriography for internal medical/cardiological examination - Diagnostics  
AST - Laboratory  
Mean platelet volume (MPV) – Laboratory  
Audiological findings consultation – Otorhinolaryngology  
Audiologist medical specialist examination - Otorhinolaryngology  
Audiometry (in a hearing testing booth) with a medical specialist examination

Axillary ultrasound scan - Ultrasound  
 Basophil - Laboratory  
 Procedure (other) – Dermatology  
 Procedure (other) – Vascular surgery  
 Procedure (other) - Otorhinolaryngology  
 Procedure (other) – Spine care  
 Procedure (other) – Hand surgery  
 Procedure (other) – Gynaecology  
 Procedure (other) – Orthopaedics  
 Procedure (other) – Proctology  
 Procedure (other) – Rheumatology  
 Procedure (other) – Surgery  
 Procedure (other) – Ophthalmology  
 Procedure (other) - Urology  
 BHC laboratory group\_ CRP+ Complete blood count (urgent) - Laboratory  
 BHC laboratory group\_Diabetic, annually - Laboratory  
 BHC laboratory group\_Medication monitoring - Laboratory  
 BHC laboratory group\_Inflammation, focus – Laboratory  
 BHC laboratory group\_Lipids - Laboratory  
 BHC laboratory group\_Liver function, simple - Laboratory  
 BHC laboratory group\_Private, before conservative treatment - Laboratory  
 BHC laboratory group\_Stool – blood test - Laboratory  
 BHC laboratory group\_Complete blood count - Laboratory  
 BHC laboratory group\_Complete urine - Laboratory  
 BHC laboratory group\_Pregnancy third trimester - Laboratory  
 BHC laboratory group\_Iron metabolism pack - Laboratory  
 BHC laboratory group\_Blood glucose care - Laboratory  
 BHC laboratory group\_Blood typing (ABO and Rh/D) + antibody screening - Laboratory  
 BHC2I (Extensive blood workup – diagnostic pack) - Laboratory  
 BHC45 (Preoperative investigation – general) - Laboratory  
 BHC46 (Preoperative investigation) - Laboratory  
 BHC60 (For contrasted CT, MRI scan) - Laboratory  
 BHC70 - Laboratory  
 BHC74(Pre-endoscopy investigation) - Laboratory  
 BHC-Basic laboratory - Laboratory  
 Internal medicine – evaluation of diagnostic device – Internal medicine  
 Internal medicine consultation on health training - Internal medicine  
 Internal medicine consultation on health training – Health training  
 Internal medicine findings consultation- Internal medicine  
 Internal medicine findings consultation – first visit - prof. dr. Anikó Somogyi – Internal medicine  
 Internal medicine specialist examination - first visit - prof. dr. Anikó Somogyi - Internal medicine  
 Internal medicine specialist examination (30 min) - Internal medicine  
 Internal medicine telephone consultation - Internal medicine  
 Treatment of ingrown nail, wedge resection with medical specialist examination – Surgery  
 Administration of blockade injection - treatment series - one session - Spine care  
 Administration of blockade injection - treatment series - one session – Hand surgery  
 Administration of blockade injection - treatment series - one session – Orthopaedics  
 Administration of blockade injection - treatment series - one session - Rheumatology  
 Administration of blockade injection - with medical specialist examination - Dr. Mária Ferenc - Spine care  
 Administration of blockade injection - with medical specialist examination - Dr. Mária Ferenc – Orthopaedics  
 Administration of blockade injection - with medical specialist examination - Dr. Mária Ferenc – Rheumatology

Administration of blockade injection - with medical specialist examination - Spine care  
Administration of blockade injection - with medical specialist examination - Péter Hidas – Orthopaedics  
Administration of blockade injection - with medical specialist examination - Gábor Jakab - Spine care  
Administration of blockade injection - with medical specialist examination - Hand surgery  
Administration of blockade injection - with medical specialist examination – Orthopaedics  
Administration of blockade injection - with medical specialist examination - Rheumatology  
Administration of blockade injection - with medical specialist examination - Miklós Szendrői - Orthopaedics  
Administration of blockade injection - with medical specialist examination - Gábor Vácz - Orthopaedics  
Removal of subcutaneous space-occupation on hand - Plastic surgery  
Skin lesion removal (cryotherapy, cauterisation) with medical specialist examination (I piece)  
– Dermatology  
Skin lesion removal (cryotherapy, cauterisation) with medical specialist examination (II-15 pieces)  
– Dermatology  
Skin lesion removal (cryotherapy, cauterisation) with medical specialist examination (over 15 pieces)  
– Dermatology  
Skin lesion removal (cryotherapy, cauterisation) with medical specialist examination (2-10 pieces)  
– Dermatology  
Skin lesion removal with cryotherapy, cauterisation – with examination – multiple regions – Dermatology  
Skin lesion removal with cryotherapy, cauterisation - I region - Dermatology  
Dermatology findings consultation – Dermatology  
Dermatology medical specialist examination – Dermatology  
Dermatology telephone consultation – Dermatology  
Skin sutures - with medical specialist examination - Hand surgery  
Skin sutures - with medical specialist examination – Orthopaedics  
Skin sutures - with medical specialist examination – Surgery  
Chlamydia pneumoniae antibody - Laboratory  
Chlamydia trachomatis antibody – Laboratory  
Cystoscopy - with medical specialist examination - Urology  
CRP - supersensitive - Laboratory  
Diabetological findings consultation - Diabetology  
Diabetological findings consultation – first visit - prof. dr. Anikó Somogyi - Diabetology  
Diabetology medical specialist examination - Diabetology  
Diabetology medical specialist examination - first visit - prof. dr. Anikó Somogyi – Diabetology  
Diabetological telephone consultation - Diabetology  
Dietetic follow-up - Dietetics  
Dietetic follow-up (Veronika Ressely-Szarvas) – Dietetics  
Dietetic counselling - 60 minutes (Mária Bencze ) - Dietetics  
Dietetic counselling - 60 minutes (Veronika Ressely-Szarvas) - Dietetics  
Dietetic counselling - Dietetics  
Dietetic counselling – first visit - Veronika Kálóczy-Wolher – Dietetics  
Dietetic counselling - follow-up - Veronika Kálóczy-Wolher – Dietetics  
Dietetic telephone follow-up (Veronika Ressely-Szarvas) - Dietetics  
Dietetic telephone consultation - 60 minutes (Veronika Ressely-Szarvas) – Dietetics  
Dietetic telephone consultation - Dietetics  
Direct Coombs - Laboratory  
Dr. István Csernavölgyi – Cardiology findings consultation - Cardiology  
Dr. István Csernavölgyi – Cardiology specialist follow-up examination (within 6 months) - Cardiology  
Dr. István Csernavölgyi - Cardiology specialist follow-up examination with ultrasound scan (within 6 months)  
- Cardiology  
Dr. István Csernavölgyi - Cardiology specialist examination (new patient) - Cardiology  
Dr. István Csernavölgyi - Cardiology specialist status assessment - Cardiology  
Dr. István Csernavölgyi – Short consultation (e.g., medication regimen control, medical specialist  
recommendations) - Cardiology

Dr. István Csernavölgyi – exercise ECG test - Cardiology  
Duplex Doppler scan – transplanted organ ultrasound scan – Ultrasound  
Duplex Doppler scan – male genitalia ultrasound scan - Ultrasound  
Duplex Doppler scan – abdominal organs ultrasound scan – Ultrasound  
Duplex Doppler scan – female genitalia ultrasound scan - Ultrasound  
Duplex Doppler scan - cervical vessels and thyroid gland ultrasound scan - Ultrasound  
Duplex Doppler scan - cervical vessels and thyroid gland ultrasound scan(sonography) - Ultrasound  
Duplex Doppler scan - cervical vessels ultrasound scan- Ultrasound  
Duplex Doppler scan - cervical vessels ultrasound scan(sonography) – Ultrasound  
Duplex Doppler scan limb vessels ultrasound scan – Ultrasound  
Duplex Doppler scan limb vessels ultrasound scan(sonography) - Ultrasound  
Duplex Doppler scan renal vessels ultrasound scan- Ultrasound  
Duplex Doppler scan renal vessels ultrasound scan(sonography) - Ultrasound  
Simple procedure (other) - Dermatology  
Simple procedure (other) – Vascular surgery  
Simple procedure (other) - Otorhinolaryngology  
Simple procedure (other) – Spine care  
Simple procedure (other) – Hand surgery  
Simple procedure (other) – Gynaecology  
Simple procedure (other) – Orthopaedics  
Simple procedure (other) – Proctology  
Simple procedure (other) – Rheumatology  
Simple procedure (other) – Surgery  
Simple procedure (other) – Ophthalmology  
Simple procedure (other) - Urology  
ECG diagnostics - Diagnostics  
Exercise ECG diagnostics – Cardiology  
Antibody Liss I – Laboratory  
Antibody screening Liss II – Laboratory  
Antibody screening Liss III – Laboratory  
Antibody screening Papain I – Laboratory  
Antibody screening Papain II – Laboratory  
Antibody screening Papain III - Laboratory  
Breast ultrasound scan - Ultrasound  
Breast diagnostics pack  
Endocrinological findings consultation - first visit - prof. dr. Anikó Somogyi – Endocrinology  
Endocrinological findings consultation - Endocrinology  
Endocrinology medical specialist consultation - Dr. Anett Fényi - Endocrinology  
Endocrinology medical specialist examination - first visit - prof. dr. Anikó Somogyi - Endocrinology  
Endocrinology medical specialist examination - Endocrinology  
Endocrinology telephone consultation - Dr. Anett Fényi – Endocrinology  
Endocrinology telephone consultation - Endocrinology  
Investigation pack prior to endoscopy (laboratory+ECG)  
Endoscopic polyp resection – Endoscopy  
Eosinophil - Laboratory  
Vascular surgery findings consultation - Vascular surgery  
Vascular surgery medical specialist examination - dr. Jordan Koev - Vascular surgery  
Vascular surgery medical specialist examination - dr. Jordan Koev – Surgery  
Vascular surgery medical specialist examination - Vascular surgery  
Vascular surgery medical specialist examination with vascular ultrasound scan- Surgery  
Vascular surgery telephone consultation - Vascular surgery  
Pain outpatient care findings consultation – first visit - Pain outpatient clinic

Pain outpatient care findings consultation - Pain outpatient clinic  
Pain outpatient care medical specialist examination – first visit - Pain outpatient care  
Pain outpatient care medical specialist examination - Pain outpatient clinic  
Pain outpatient care telephone consultation - Pain outpatient clinic  
Dental status assessment - Dentistry  
Dental limited X-ray image - Dentistry  
Dental medical specialist examination with focus screening and oral cavity cancer screening - Dentistry  
Phoniatric medical specialist examination - Phoniatrics  
Phosphate - Laboratory  
Otorhinolaryngological findings consultation - dr. Helga Kraxner - Otorhinolaryngology  
Otorhinolaryngological findings consultation - dr. Csilla Miltényi - Otorhinolaryngology  
Otorhinolaryngological findings consultation - dr. Magdolna Szőnyi - Otorhinolaryngology  
Otorhinolaryngology medical specialist examination - dr. Helga Kraxner - Otorhinolaryngology  
Otorhinolaryngology medical specialist examination - dr. Csilla Miltényi - Otorhinolaryngology  
Otorhinolaryngology medical specialist examination - dr. Magdolna Szőnyi - Otorhinolaryngology  
Otorhinolaryngology medical specialist examination - Otorhinolaryngology  
Otorhinolaryngology telephone consultation - Otorhinolaryngology  
White blood cell count (WBC) - Laboratory  
Gamma-GT - Laboratory  
Gastroenterological findings consultation - dr. Péter András - Gastroenterology  
Gastroenterological findings consultation - dr. Katalin Dékány - Gastroenterology  
Gastroenterological findings consultation - dr. Pál Demeter – Gastroenterology  
Gastroenterological findings consultation - dr. Tibor Gyökeres - Gastroenterology  
Gastroenterological findings consultation - dr. Gábor Kovács - Gastroenterology  
Gastroenterological findings consultation - dr. Barna Németh – Gastroenterology  
Gastroenterological findings consultation - dr. Róbert Sike – Gastroenterology  
Gastroenterological findings consultation - dr. G. Tamás Tóth – Gastroenterology  
Gastroenterological findings consultation - Gastroenterology  
Gastroenterology medical specialist examination - dr. Péter András – Gastroenterology  
Gastroenterology medical specialist examination - dr. Katalin Dékány – Gastroenterology  
Gastroenterology medical specialist examination - dr. Pál Demeter – Gastroenterology  
Gastroenterology medical specialist examination - dr. Tibor Gyökeres - Gastroenterology  
Gastroenterology medical specialist examination - dr. Gábor Kovács – Gastroenterology  
Gastroenterology medical specialist examination - dr. Barna Németh – Gastroenterology  
Gastroenterology medical specialist examination - dr. Róbert Sike – Gastroenterology  
Gastroenterology medical specialist examination - dr. G. Tamás Tóth – Gastroenterology  
Gastroenterology medical specialist examination - Gastroenterology  
Gastroenterological telephone consultation – Gastroenterology  
Spine care findings consultation - dr. Miklós Agócs – Spine care  
Spine care findings consultation - dr. András Bánk – Spine care  
Spine care findings consultation - dr. Árpád Bozsódi – Spine care  
Spine care findings consultation - dr. Tibor Csákány – Spine care  
Spine care findings consultation - dr. György Csécsei – Spine care  
Spine care findings consultation - dr. Péter Éltes – Spine care  
Spine care findings consultation - dr. Zsolt Fekete – Spine care  
Spine care findings consultation - dr. Zoltán Hoffer – Spine care  
Spine care findings consultation - dr. Alexander Huksz – Spine care  
Spine care findings consultation - dr. Gábor Jakab – Spine care  
Spine care findings consultation - dr. Gábor Jakab – Orthopaedics  
Spine care findings consultation - dr. Dezső Jeszenszky – Spine care  
Spine care findings consultation - dr. István Klemencsics – Spine care  
Spine care findings consultation - dr. Áron Lazár - Spine care

Spine care findings consultation - dr. Balázs Szöllősi – Spine care  
Spine care findings consultation - dr. Zsolt Szövérfi – Spine care  
Spine care findings consultation - Spine care  
Spine care findings consultation - Spinal surgery  
Spine care findings consultation - dr. Márton Rónai – Spine care  
Spine care medical specialist examination - dr. Miklós Agócs – Spine care  
Spine care medical specialist examination - dr. András Bánk – Spine care  
Spine care medical specialist examination - dr. Árpád Bozsódi – Spine care  
Spine care medical specialist examination - dr. Tibor Csákány – Spine care  
Spine care medical specialist examination - dr. György Csécsei – Spine care  
Spine care medical specialist examination - dr. Péter Éltes – Spine care  
Spine care medical specialist examination - dr. Zsolt Fekete – Spine care  
Spine care medical specialist examination - dr. Zoltán Hoffer – Spine care  
Spine care medical specialist examination - dr. Alexander Huksz – Spine care  
Spine care medical specialist examination - dr. Gábor Jakab – Spine care  
Spine care medical specialist examination - dr. Gábor Jakab – Orthopaedics  
Spine care medical specialist examination - dr. Dezső Jeszenszky – Spine care  
Spine care medical specialist examination - dr. István Klemencsics – Spine care  
Spine care medical specialist examination - dr. Áron Lazáry – Spine care  
Spine care medical specialist examination - dr. Márton Rónai – Spine care  
Spine care medical specialist examination - dr. Balázs Szöllősi – Spine care  
Spine care medical specialist examination - dr. Zsolt Szövérfi – Spine care  
Spine care medical specialist examination - Spine care  
Spine care medical specialist examination - Spinal surgery  
Spine care telephone consultation – Spine care  
Cast application - with medical specialist examination - Hand surgery  
Cast application - with medical specialist examination – Musculoskeletal surgery  
Cast adjustment - Hand surgery  
Cast adjustment - Musculoskeletal Surgery  
Cast change- Hand surgery  
Case removal - Musculoskeletal Surgery  
Case removal – Hand surgery  
Case removal - Musculoskeletal Surgery  
Care - dr. Tamás Bárdos – Orthopaedics  
Care - dr. György Béres – Orthopaedics  
Care - dr. Gábor János Erdélyi – Orthopaedics  
Care - dr. Balázs Lohner – Orthopaedics  
Care - dr. Krisztián Magos – Orthopaedics  
Care - dr. Tamás László Németh - Orthopaedics  
Care - dr. Tamás Mirkó Paukovits - Orthopaedics  
Care - dr. Attila Miklós Pavlik – Orthopaedics  
Care - dr. András Tállay - Orthopaedics  
Care (based on our institution's indication) – Anaesthesiology  
Care (based on our institution's indication) – Internal medicine  
Care (based on our institution's indication) – Dermatology  
Care (based on our institution's indication) – Diabetology  
Care (based on our institution's indication) – Endocrinology  
Care (based on our institution's indication) – Vascular surgery  
Care (based on our institution's indication) - Otorhinolaryngology  
Care (based on our institution's indication) – Gastroenterology  
Care (based on our institution's indication) - Spine care  
Care (based on our institution's indication) - Paediatrics

Care (based on our institution's indication) – Haematology  
 Care (based on our institution's indication) – Neurosurgery  
 Care (based on our institution's indication) – Immunology  
 Care (based on our institution's indication) – Cardiology  
 Care (based on our institution's indication) – Nephrology  
 Care (based on our institution's indication) – Neurology  
 Care (based on our institution's indication) – Gynaecology  
 Care (based on our institution's indication) – Oncology  
 Care (based on our institution's indication) – Orthopaedics  
 Care (based on our institution's indication) - Plastic surgery  
 Care (based on our institution's indication) – Proctology  
 Care (based on our institution's indication) – Pulmonology  
 Care (based on our institution's indication) – Rheumatology  
 Care (based on our institution's indication) – Surgery  
 Care (based on our institution's indication) – Ophthalmology  
 Care (based on our institution's indication) - Urology  
 Care (based on our institution's indication) – Vaccine counselling  
 GOT - Laboratory  
 GPT - Laboratory  
 Paediatric pulmonological findings consultation - dr. Anna Madarasi - Paediatric pulmonology  
 Paediatric pulmonological medical specialist examination - dr. Anna Madarasi - Paediatric pulmonology  
 Paediatric findings consultation - dr. Anna Madarasi – Paediatrics  
 Paediatric medical specialist examination - dr. Anna Madarasi - Paediatrics  
 H2 fructose exhalation – Laboratory  
 H2 glucose exhalation – Laboratory  
 H2 lactose exhalation – Laboratory  
 H2 lactose exhalation - Laboratory  
 Haematocrit (HCT) - Laboratory  
 Haematological findings consultation – Haematology  
 Haematological medical specialist examination – Haematology  
 Haematological telephone consultation - Haematology  
 Haemoglobin (HgB) - Laboratory  
 Haemoglobin A1C – Laboratory  
 Haemoglobin A1C % - Laboratory  
 Haemoglobin A1C mmol - Laboratory  
 Abdominal complex overview ultrasound scan - Ultrasound  
 Abdominal complex overview ultrasound scan (sonography) – Ultrasound  
 HDL cholesterol - Laboratory  
 Scar removal by plastic surgeon - with medical specialist examination (one region) - Plastic surgery  
 Scar removal by plastic surgeon - with medical specialist examination (extended) - Plastic surgery  
 Surgical removal of scar – with examination - with medical specialist examination (one region) - Surgery  
 Surgical removal of scar - with medical specialist examination - multiple regions (extended) - Surgery  
 Helicobacter pylori exhalation test (C14) - Laboratory  
 Hepatological findings consultation – Hepatology  
 Hepatological medical specialist examination – Hepatology  
 Hepatological telephone consultation – Hepatology  
 Scrotal ultrasound scan– Ultrasound  
 Scrotal ultrasound scan(sonography) – Ultrasound  
 Faulty laboratory diagnostics – repeated sampling - Laboratory  
 Holter 24h diagnostics (daily) – Diagnostics  
 Holter and ABPM diagnostics (daily) - Diagnostics  
 Holter device fitting with evaluation

Uric acid - Laboratory  
Neurosurgical findings consultation - Dr. Róbert Veres - Neurosurgery  
Neurosurgical findings consultation - Neurosurgery  
Neurosurgery medical specialist examination - Dr. Róbert Veres – Neurosurgery  
Neurosurgery medical specialist examination - Neurosurgery  
Neurosurgical telephone consultation - Neurosurgery  
Indirect Coombs - Laboratory  
Infectiology medical specialist examination - Infectiology  
Injection (im., iv., sc.), vaccine administration, multiple – Internal medicine  
Injection, vaccine administration (im., iv., sc.) - Internal medicine  
Injection, vaccine administration (im., iv., sc.) - Internal medicine  
Injection, vaccine administration (im., iv., sc.) - Rheumatology  
Injection, vaccine administration (im., iv., sc.) – Vaccination counselling  
INR - Laboratory  
Intra-articular administration of injection - treatment series - one session (simple) - Spine care  
Intra-articular administration of injection - treatment series - one session (simple) – Hand surgery  
Intra-articular administration of injection - treatment series - one session (simple) – Orthopaedics  
Intra-articular administration of injection - treatment series - one session (simple) – Rheumatology  
Intra-articular administration of injection - with medical specialist examination - Spine care  
Intra-articular administration of injection - with medical specialist examination - Péter Hidas – Orthopaedics  
Intra-articular administration of injection - with medical specialist examination - Gábor Jakab – Spine care  
Intra-articular administration of injection - with medical specialist examination - Hand surgery  
Intra-articular administration of injection - with medical specialist examination – Orthopaedics  
Intra-articular administration of injection - with medical specialist examination - Rheumatology  
Intra-articular administration of injection - with medical specialist examination - Miklós Szendrői - Orthopaedics  
Intra-articular administration of injection - with medical specialist examination - Gábor Vácz - Orthopaedics  
Articular injection therapy (hyaluron/collagen) – injection administration (one visit) - Spine care  
Articular injection therapy (hyaluron/collagen) – injection administration (one visit) – Hand surgery  
Articular injection therapy (hyaluron/collagen) – injection administration (one visit) - Orthopaedics  
Articular injection therapy (hyaluron/collagen) – injection administration (one visit) – Rheumatology  
Articular injection therapy (hyaluron/collagen) with medical specialist examination – Spine care  
Articular injection therapy (hyaluron/collagen) with medical specialist examination - Hand surgery  
Articular injection therapy (hyaluron/collagen) with medical specialist examination – Orthopaedics  
Articular injection therapy (hyaluron/collagen) with medical specialist examination – Rheumatology  
Articular puncture - with medical specialist examination - Spine care  
Articular puncture - with medical specialist examination - Hand surgery  
Articular puncture - with medical specialist examination – Orthopaedics  
Articular puncture - with medical specialist examination – Rheumatology  
Articular puncture with medical specialist examination - treatment series – one session (simple) – Spine care  
Articular puncture with medical specialist examination - treatment series - one session (simple) – Hand surgery  
Articular puncture with medical specialist examination - treatment series - one session (simple) – Orthopaedics  
Articular puncture with medical specialist examination - treatment series - one session (simple) – Rheumatology  
Articular ultrasound scan - Ultrasound  
Articular ultrasound scan 2 regions of the same joint - Ultrasound  
Chalazion incision - with medical specialist examination - Ophthalmology  
Removal of benign or malignant skin abnormality by a plastic surgeon- with medical specialist examination (one region) - Plastic surgery  
Removal of benign or malignant skin abnormality by a plastic surgeon- with medical specialist examination (multiple regions) - Plastic surgery

Calcium – Laboratory  
Potassium – Laboratory  
Carbamide - Laboratory  
Cardiological/diabetological findings consultation - dr. Anna Marton – Cardiology  
Cardiological/diabetological medical specialist examination - dr. Anna Marton - Cardiology  
Cardiological findings consultation - Cardiology  
Cardiology medical specialist visit - evaluation of ABPM and Holter – Cardiology  
Cardiology medical specialist visit - evaluation of diagnostic device – Cardiology  
Cardiology medical specialist examination - Cardiology  
Cardiological telephone consultation - Cardiology  
Cardiological/diabetological telephone consultation-Dr. Anna Marton - Diabetology  
Cardiological/diabetological telephone consultation-Dr. Anna Marton – Cardiology  
Hand surgery findings consultation – dr. Gábor Farkas - Hand surgery  
Hand surgery findings consultation - dr. Tibor Szalontay - Hand surgery  
Hand surgery findings consultation - Hand surgery  
Hand surgery medical specialist examination – dr. Gábor Farkas – Hand surgery  
Hand surgery medical specialist examination - dr. Tibor Szalontay – Hand surgery  
Hand surgery medical specialist examination - Hand surgery  
Hand surgery telephone consultation - Hand surgery  
Consultation prior to a procedure performed in an exclusive clinic - Pain outpatient care  
Consultation prior to a procedure performed in an exclusive clinic - Otorhinolaryngology  
Consultation prior to a procedure performed in an exclusive clinic – Spine care  
Consultation prior to a procedure performed in an exclusive clinic - Orthopaedics  
Consultation prior to a procedure performed in an exclusive clinic – Surgery  
Consultation prior to a procedure performed in an exclusive clinic - Ophthalmology

 Consultation (based on our institution's indication) – Ophthalmology  
 Consultation (based on our institution's indication) - Urology  
 Consultation (based on our institution's indication) - Vaccination counselling  
 Changing bandages - Surgery  
 Creatinine - Laboratory  
 Laboratory sampling and processing fee – Laboratory  
 Laboratory blood typing - Laboratory  
 Soft-tissue ultrasound scan per body region– Ultrasound  
 Soft-tissue ultrasound scan per body region(sonography) – Ultrasound  
 Visual field test and OCT scan (glaucoma package) - Ophthalmology  
 Visual field test and OCT scan (glaucoma package) by medical specialist – Ophthalmology  
 Visual field test, diagnostics - Ophthalmology  
 Visual field test by medical specialist - Ophthalmology  
 LDH - Laboratory  
 LDL cholesterol - Laboratory  
 Pulmonary allergic disease investigation – Allergology-pulmonology  
 Pulmonary allergic disease investigation - Pulmonology  
 Lipoma, atheroma removal by plastic surgeon - with medical specialist examination (one region)  
 - Plastic surgery  
 Lipoma, atheroma removal by plastic surgeon - with medical specialist examination (multiple regions)  
 - Plastic surgery  
 Lipoma, atheroma surgical removal - with medical specialist examination – one region - Surgery  
 Lipoma, atheroma surgical removal with examination - multiple regions (extended) - Surgery  
 Lymphocyte - Laboratory

Lymphocyte (for qualitative blood workup) – Laboratory  
Mammography with tomosynthesis - Ultrasound  
Mammography additional imaging: zoom, targeted - Ultrasound  
Mammography second opinion - Ultrasound  
Chest wall ultrasound scan - Ultrasound  
Microalbuminuria - Laboratory  
Monocyte - Laboratory  
Musculoskeletal surgery consultation – dr. Ákos Kynsburg - Musculoskeletal Surgery  
Musculoskeletal surgery findings consultation – dr. Gábor Farkas - Musculoskeletal Surgery
